*“Seeking for a 6 - month internship in Data Science. I am fascinated to shape and transform data to valuable knowledge”*

April 27, 2017

## **Job Application for the summer 6-month internship program**

To whom it may concern

I am writing to express my interest in the Data Science Intern position at your prestigious enterprise. The opportunity presented in this listing is very appealing and I believe I will be a very competitive candidate for this position as this is in exact sync with my educational background as well as in line with my career goals.

After meticulously going through the job roles and responsibilities I consider myself to be an apt fit for the role. I possess exceptional research and analytical skills which I developed as a Masters student in Data Science at EURECOM. I have been extensively involved in working in the field of data as part of my job and academic projects. Few areas of the project works included cleaning, preparing and analyzing data, building and testing statistical models, predictive analysis and visualization based on historic data using Python, Spark, R etc. as key areas of analysis to identify and propose solutions to major problems faced by the companies in consideration. I was successfully able to carry out these projects which is reflected in the high grades I scored for them. All details are mentioned thoroughly in my curriculum vitae.

During my course of study I have also developed several skills like competitive analysis, strategic investigation, problem-solving, teamwork, delivering effective presentations, multitasking to name a few. I believe I have a lot to offer as well as gain from this position and am sure it will be an enriching experience.

It will be a great opportunity for me to have an interview session with you. Thank you for your time and consideration.

Sincerely,

**Trung-Duy NGUYEN**
